DRISHTI HI-TECH COMPUTERS

A Unit of DRISHTI HI TECH COMPUTERS PRIVATE LIMITED

FRANCHISE OPPORTUNITY

Build a computer education centre in your area. Partner with DRISHTI HI-TECH COMPUTERS to help students develop practical computer knowledge and job-relevant digital skills.

ABOUT THE INSTITUTE

DRISHTI HI-TECH COMPUTERS is focused on computer education, practical learning and digital skill development. Our aim is to make useful technology training accessible to learners and support their educational and career goals through structured courses and hands-on practice.

COURSES & TRAINING AREAS

Computer Fundamentals	Microsoft Word, Excel & PowerPoint
Accounting	Tally with GST
Creative Skills	Graphics Designing
Digital Skills	Data Analysis
Emerging Technology	Artificial Intelligence (AI) & ChatGPT
Typing	Hindi & English Typing
Diploma Learning	DCA, ADCA and other available certificate courses

WHY EXPLORE A FRANCHISE WITH US?

• Institute identity and brand-use guidance, subject to a written franchise agreement.

• Course and training guidance for the listed learning areas.

• Student admission and centre-operation guidance.

• Support with learning resources and practical-training planning.

• Opportunity to build local awareness and serve learners in your community.

WHO CAN APPLY?

Individuals, educators and entrepreneurs interested in computer education and local skill development may enquire. Applicants should be prepared to arrange a suitable learning space, computers, internet connectivity and day-to-day centre management.

START YOUR FRANCHISE JOURNEY

A practical step towards local digital education

01	**Enquiry** Contact our team and share your location and interest.
02	**Discussion** Discuss centre requirements, courses, facilities and proposed terms.
03	**Review** Review the written franchise agreement, fees, responsibilities and support details.
04	**Set-up** Prepare the centre, computers, internet and learning environment.
05	**Launch** Begin student outreach and training after written approval and onboarding.

CENTRE REQUIREMENTS

- A suitable and accessible classroom or training space.
- Computers or laptops appropriate for the courses offered.
- Reliable electricity and internet connection.
- A trainer or qualified instructor and basic student support.
- Compliance with applicable local rules and the signed franchise terms.
