☐ Humans use **Technology** to Travels, to Communicate, to Learn, to **do** Business and to Live in Comfort. However, **Technology** has also Caused Us concerns. **Technology** impacts the Environment, people and the **Society** As a Whole. The Way we use Technology Determines if its Impacts are Positive to the **Society** or Negative. ☐

- ★ Our Mission is to anticipate or to know the students requirements and to satisfy those needs for the best education in IT industry.
- ★ Our main moto is to bridge the gap between financially weaker section and expensive computer education.
- ★ To make the landed and landless youth self-reliant.
- ★ To hear the students voices first and then act upon which makes us different from others.
- ★ To provide wings to fly for a high flying caree in IT World.

☐ Use of Computer Technology to Help Students with Special needs...For example, use of Computer Technology for Word Processing, Communication, Research and Multimedia Projects can help the three million Students with specific Learning and emotional disorders keep us their nondisabled peers. ☐
