

## ABOUT US

Softwant Board of Skill Development Organization is a dedicated institution focused on providing quality and accessible skill-based education. Our aim is to prepare students for higher studies and successful careers in the I.T. and business sectors.

We emphasize practical learning, experienced guidance, and a supportive environment to help learners become confident and job-ready. Along with skill development, we also work towards rural and community development through educational awareness programs and initiatives.

At Softwant, we continuously follow modern trends and ensure that our students receive the right training to succeed in today's competitive world.

Message from the Director

A very warm welcome to Softwant.

We are committed to guiding you in building the right skills for a successful future. With proper training, dedication, and support, we aim to help you achieve your career goals and turn your dreams into reality.

Wishing you a bright and successful future.

– K. C. Mahato

## OUR SERVICES:

We offer a wide range of skill-based training programs in computer education, I.T., and business development. Our services include practical classes, certification courses, and career-oriented training designed to make students job-ready.

We also provide career guidance, interview preparation, and support for skill improvement. In addition, we conduct seminars and awareness programs for rural and community development.

### ➔ **Service 1: Computer Education**

We provide basic to advanced computer training, including MS Office, internet usage, and essential digital skills to make students confident and job-ready.

### ➔ **Service 2: General Education (Graduation Level)**

We provide guidance and support for courses like B.A., B.Sc., B.Com., B.C.A., LL.B., M.C.A., D.Pharm., and more, helping students build strong academic knowledge and prepare for higher studies and career opportunities.

### ➔ **Service 3: Skill Training**

We provide industry-oriented skill training programs designed to develop practical knowledge and job-ready skills. Our training focuses on real-world applications, helping students enhance their abilities and improve career opportunities.
