# About Us

Founded in 2016, Zero to Next Institute of Infotech is Siddharthnagar's leading center for computer and AI education. We are dedicated to empowering students with practical skills in computer fundamentals, programming, and modern technologies. With expert instructors, advanced labs, and innovative teaching methods, we prepare learners for real-world success in the digital era.

# Our History

## 2016

Zero to Next Institute of Infotech started its journey in 2016.

That year marked the foundation of our mission in computer education.

From 2016 to today, we continue to grow with trust and quality learning.

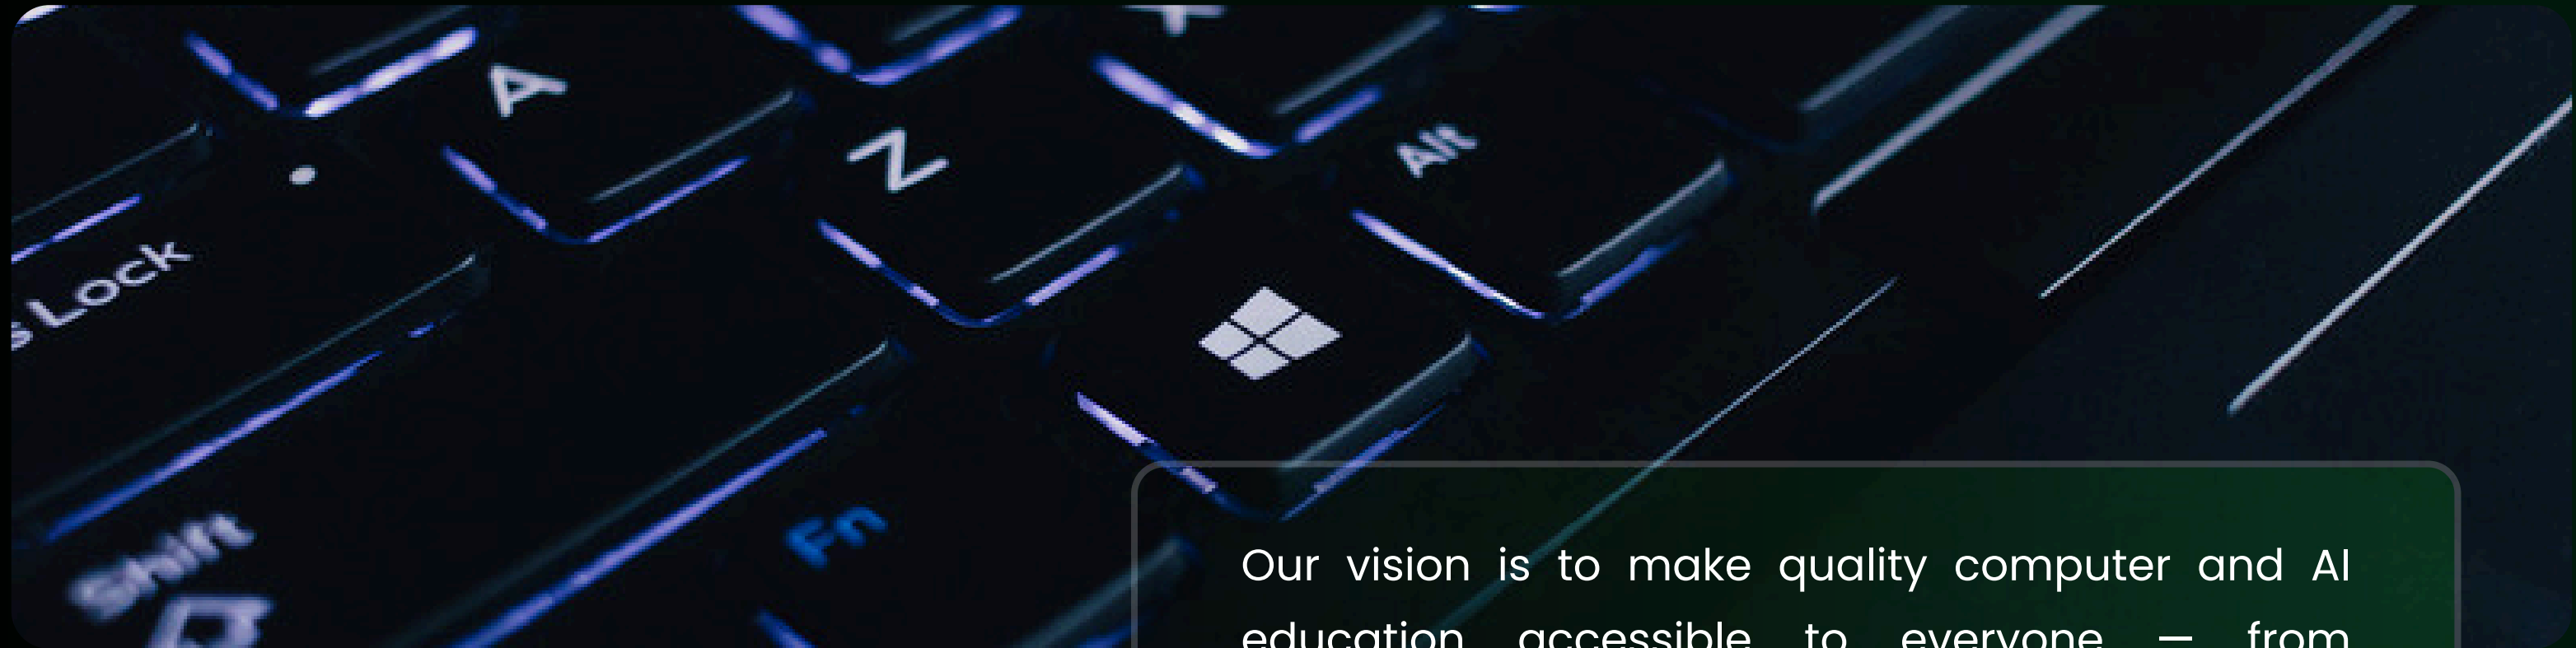

## 2026

Zero to Next Institute of Infotech began its journey in 2016.

From day one, our mission has been to provide quality computer education.

In 2026, we proudly stand stronger with growth, trust, and thousands of skilled students.

# Our Vision

Our vision is to make quality computer and AI education accessible to everyone – from beginners to professionals. We aim to build a future where every student becomes digitally empowered and job-ready through practical, hands-on learning.

# Our Mission

Our mission is to provide affordable, high-quality computer education with modern tools and AI-powered learning. We focus on skill development, creativity, and innovation to prepare students for the digital world.
