## MAKE IN INDIA

Designed, engineered and manufactured in India for Indian corporate and institutional requirements

# Why RDP Desktop PCs

Corporate and institutional teams need desktops that are stable under daily workload, easy to deploy and manage, serviceable and scalable, and consistent across bulk purchases.

That is why we have launched a 3-series desktop portfolio with fixed standard SKUs.

## Our approach: 80% standard SKUs + 20% project customisation

So customers can choose quickly, and still tailor for large rollouts

### Standard SKUs (Intel + AMD)

Entry: 3 Intel + 3 AMD

Mainstream: 3 Intel + 3 AMD

Pro: 3 Intel + 3 AMD

**Total: 18 standard Desktop PCs**

### Project Customisation

RAM upgrades (16/32/64/128GB)

SSD upgrades and dual storage

Wi-Fi/BT, faster LAN options

OS choice (Windows / Linux)

Warranty extensions (3Y to 5Y)

## Pan India Support with SLA Commitment

Comprehensive on-site support across India with guaranteed Service Level Agreement commitments. Our nationwide service network ensures quick response times and reliable support for all your Desktop PC deployments.
