RDP Tablets

Built for Corporate & Institutional Mobility

Entry Tablets

Mainstream Tablets

Pro Tablets

Entry · Mainstream · Pro (Android & Windows) — Standard SKUs for fast selection + project customization when needed

MAKE IN INDIA

Designed, engineered and manufactured in India for enterprise deployments, field teams, and institutional rollouts

Mobile Productivity for Modern Workforces

RDP Tablets deliver enterprise-grade mobility for organizations that need reliable, secure, and manageable devices for field teams, mobile workers, and institutional deployments.

That is why we have launched a 3-series Tablet portfolio with 18 standard SKUs across Entry, Mainstream, and Pro segments—covering both Android and Windows use cases.

Built for outcomes:

✓ Flexible deployment (Android Enterprise Recommended + Windows 11 Pro with TPM 2.0)
✓ Connectivity options (Wi-Fi, 4G LTE, 5G ready for field mobility)
✓ Rugged variants available (industrial use, outdoor operations, long-duty cycles)

Where BV2 Tablets fit best

Corporate: sales teams, field service, mobile executives, on-site inspections

Institutional: digital classrooms, training rooms, healthcare staff, e-governance fieldwork

Logistics: warehouse scanning, delivery tracking, inventory management

Android vs Windows deployment

Android: Form-filling apps, content consumption, longer battery life, zero-touch enrollment

Windows: Legacy app compatibility, Excel-heavy workflows, familiar desktop experience

Standard SKUs for faster procurement • Project customization available (storage, RAM, LTE/5G, rugged kits)

18 Standard SKUs • Ready to Deploy

The RDP Tablet portfolio provides clear choices for different mobility needs — from basic field use to enterprise-grade secure productivity.

01 / Entry Tablets

6 SKUs

Education, basic field use, front-desk mobility, cost-efficient rollouts

• Windows: Intel N100/N305, 8GB RAM, 10.1"-12.2" FHD
• Android: MediaTek Helio G99, 6GB RAM, 8"-10.1" FHD, LTE options

02 / Mainstream Tablets

6 SKUs

Managers, field productivity, multi-app usage, better display & connectivity

• Windows: Intel i3/i5, 16GB RAM, 11"-13" 2K class
• Android: Helio G99/Snapdragon 695 5G, 8GB RAM, 11"-12.1" 2K

03 / Pro Tablets

6 SKUs

Enterprise-grade deployments, rugged options, secure Windows, docking ecosystems

• Windows: Intel Core Ultra 5/i5, 16GB RAM, TPM 2.0, detachable keyboard
• Android: Snapdragon 695 5G, rugged class (IP rating, drop-tested), barcode/NFC

Enterprise deployment note: For Android deployments, we recommend Android Enterprise Recommended readiness (zero-touch enrollment + regular security updates) where required. All Windows tablets include TPM 2.0 + Secure Boot baseline security.

Windows-Based Legacy Apps & Basic Mobility

"Cost-efficient Windows tablets for institutional rollouts"

Best for:

Schools, colleges, admin desks, basic mobility with Windows 11 Pro

Features:

Intel N-series processors, TPM 2.0 + Secure Boot, Wi-Fi, USB-C

Entry Windows Compact

Model No. T111261

Windows | 10.1" | Folio Case

Intel Processor N100

8GB RAM

128GB SSD

10.1" FHD display

Windows 11 Pro (TPM 2.0)

Wi-Fi, USB-C

Windows-based legacy apps, school/college admin desks, basic mobility use

Entry Windows Plus

Model No. T112261

Windows | 11.6" | Keyboard Option

Intel Processor N100

8GB RAM

256GB SSD

11.6" FHD display

Windows 11 Pro (TPM 2.0)

Wi-Fi, USB-C

Institutional rollouts needing Windows + bigger screen for forms and reports

Entry Windows Max

Model No. T113261

Windows | 12.2" | Pen Support

Intel Core i3-N305

8GB RAM

256GB SSD

12.2" FHD+ display

Windows 11 Pro (TPM 2.0)

Optional pen + keyboard

Field reporting + dashboards, office mobility users needing more headroom

Android Enterprise Enrollment Ready

"Field surveys, delivery teams, digital classrooms"

Best for:

Field data collection, training rooms, delivery/logistics, educational programs

Features:

MediaTek Helio G99, Android AER-ready, LTE options, microSD support

Entry Android Compact (8") LTE

Model No. T121261

Android | 8" | 4G LTE

MediaTek Helio G99

6GB RAM

128GB (microSD support)

8" HD+/FHD display

Android (Enterprise ready)

4G LTE, Wi-Fi, USB-C

Field surveys, delivery/field teams, handheld mobility for departments

Entry Android Standard (10.1") Wi-Fi

Model No. T122261

Android | 10.1" | Wi-Fi

MediaTek Helio G99

6GB RAM

128GB (microSD support)

10.1" FHD display

Android (AER-ready)

Wi-Fi, USB-C, folio case

Digital classrooms, training rooms, institutional learning programs

Entry Android Standard (10.1") LTE

Model No. T123261

Android | 10.1" | 4G LTE + GPS

MediaTek Helio G99

6GB RAM

128GB (microSD support)

10.1" FHD display

Android (Enterprise ready)

4G LTE + GPS, optional stylus

On-field data collection, healthcare staff mobility, multi-site rollouts

Productivity for Mobile Managers & Field Users

"Excel-heavy workflows + Windows productivity on the go"

Best for:

Supervisors, mobile office work, inspection teams needing larger workspace

Features:

Intel i3/i5, 16GB RAM, 11"-13" FHD/2K, keyboard + pen optional

Mainstream Windows Pro

Model No. T211261

Windows | 11" | Keyboard Cover

Intel Core i3-N305

16GB RAM

256GB SSD

11" FHD display

Windows 11 Pro (TPM 2.0)

Keyboard cover optional

Excel-heavy users, mobile office work, Windows productivity on the go

Mainstream Windows Pro+

Model No. T212261

Windows | 12.3" | Pen + Keyboard

Intel Core i3-N305

16GB RAM

512GB SSD

12.3" FHD+ display

Windows 11 Pro (TPM 2.0)

Pen + keyboard cover optional

Supervisors, inspection teams, institutional staff needing larger workspace

Mainstream Windows Ultra

Model No. T213261

Windows | 13" | 2K Display

Intel Core i5 (U-series)

16GB RAM

512GB SSD

13" 2K class display

Windows 11 Pro (TPM 2.0)

Keyboard + pen optional

Leadership mobility, presentations, heavy multitasking and long sessions

Multi-App Productivity & Always-Connected Workforce

"Training + content consumption, 5G connectivity for field managers"

Best for:

Training programs, multi-app workflows, field managers, operations dashboards

Features:

Helio G99/Snapdragon 695 5G, 8GB RAM, 11"-12.1" 2K, keyboard + stylus

---

Mainstream Android Pro (11") Wi-Fi

Model No. T221261

Android | 11" | 2K Display

MediaTek Helio G99

8GB RAM

256GB (microSD support)

11" 2K class display

Android (AER enrollment)

Keyboard cover optional

Training + content consumption, institutional productivity, multi-app workflows

---

Mainstream Android LTE/5G (11")

Model No. T222261

Android | 11" | 5G/LTE + GPS

Snapdragon 695 5G

8GB RAM

256GB (microSD support)

11" FHD+/2K display

Android (Enterprise ready)

5G/LTE + GPS, keyboard optional

Field managers, sales/service teams, always-connected workforce

---

Mainstream Android Productivity (12.1")

Model No. T223261

Android | 12.1" | Keyboard + Stylus

Snapdragon 695 5G

8GB RAM

256GB storage

12.1" 2K class display

Android (AER deployment)

5G/LTE option, keyboard + stylus

Forms + approvals, operations dashboards, institutional staff productivity

---

Enterprise Mobility with Secure Windows & Docking

"IT-managed fleets, leadership mobility, rugged field deployments"

Best for:

Enterprise mobility, field audits, inspection teams, secure documentation workflows

Features:

Intel Core Ultra 5/i5, 16GB RAM, TPM 2.0 + Secure Boot, detachable keyboard

---

Pro Windows 2-in-1 Secure
Model No. T311261

Windows | 13" | 2.8K Display

Intel Core Ultra 5 class

16GB RAM

512GB SSD

13" 2.8K class display

Windows 11 Pro (TPM 2.0)

Detachable keyboard + pen

Enterprise mobility, IT-managed fleets, leadership + premium field productivity

---

Pro Windows Secure+
Model No. T312261

Windows | 12.3" | LTE Option

Intel Core i5 (U-series)

16GB RAM

512GB SSD

12.3" FHD+ display

Windows 11 Pro (TPM 2.0)

Wi-Fi/optional LTE, keyboard + pen

Corporate field audits, inspection teams, secure documentation workflows

---

Pro Windows Rugged
Model No. T313261

Windows | 12.2" | Rugged Class

Intel Core i5 (U-series)

16GB RAM

512GB SSD

12.2" high-brightness display

Windows 11 Pro (TPM 2.0)

Rugged case + hand strap

Industrial use, utilities, warehouses, hospital ops where durability matters

Industrial & Field Service Deployments

"Warehouse scanning, logistics, rugged productivity with 5G"

Best for:

Warehouse operations, logistics, field service, public sector deployments, utilities

Rugged Features:

IP rating + drop-tested, barcode/NFC optional, docking + hand strap

---

Pro Android Rugged Compact (8")

Model No. T321261

Android | 8" | 5G + Rugged

Snapdragon 695 5G

8GB RAM

128GB storage

8" rugged class display

Android (Enterprise Recommended)

5G/LTE, GPS, barcode/NFC optional

Warehouse scanning, logistics, field service, rugged handheld deployments

---

Pro Android Rugged Standard (10.1")

Model No. T322261

Android | 10.1" | Docking Ready

MediaTek Helio G99

8GB RAM

256GB storage

10.1" FHD rugged class

Android (zero-touch enrollment)

4G/LTE, GPS, docking + hand strap

Industrial field work, public sector deployments, long-duty institutional use

---

Pro Android Rugged Productivity (10.1") 5G

Model No. T323261

Android | 10.1" | 5G + Pogo Docking

Snapdragon 695 5G

8GB RAM

256GB storage

10.1" rugged class display

Android (AER deployment)

5G + GPS, pogo-pin docking

Rugged productivity: inspections, e-governance field programs, utilities teams
